## Authors Note

The Club's Records document has been developed using output from the Edgware Cricket Club's Play-Cricket site and additional analysis performed by the author. As a result, it is possible that unintentional errors and omissions may occur.

As the club has developed, the quality of scorecards has improved to the extent that a greater range of analysis can now be completed. Pre-2020, the use of electronic scoring was minimal and therefore in some instances the number of balls taken to reach a milestone (i.e. 50 or 100) may have been estimated or calculated using available information (i.e. manual ball by ball tracking).

Any questions or ideas for additional record keeping should be sent to [edgwarecricketclub@gmail.com](mailto:edgwarecricketclub@gmail.com)

Analysis valid as of writing, October 2025.
